

PROGRAMME AGORA EVS CLUSTER ZONE

	Lundi 20 mai	Mardi 21 mai	Mercredi 22 mai	
09h00 - 09h30	EVS 32 Opening ceremony	Tuesday plenary	EV Charging in Multi-family housing ZE PLUG Gilles Gomis, VP Business Development	
09h30 - 09h45				
09h45 - 10h15			Hutchinson engineered materials, for battery dynamic thermal management Hutchinson Loïc De Francqueville, Senior Engineer Thermal Management Laboratory	
10h15 - 10h30				
10h30 - 11h00			Play to perform CESI Thierry de Wispelaere	
11H00 - 11H15	Pitchs entreprises CARA/EMOBIL/MOVEO	Conférence H2, Hynamics EDF		
11h15 - 11h30			France Automobile and Mobility, overview of the Research council roadmap and needs Mehdi Ferhan, President of the French automobile research council , Director of Advanced Technology Investment – Plastic Omnium	
11h30 - 11h45				
11h45 - 12H00				
12h00 - 12h15				How AI and Big-Data support Electrical Vehicles customer-centric development BETTER WORLD Daniel Ritter, Co-founder & CEO
12h15 - 12h30			Embedded and stationary batterie charging ALPHEE/ERCTEEL M. Raphael GENIN, Manager	
12h30 - 12h45				
12h45 - 13h00	The ultra light, modular and affordable Lithium-ion battery for automotive and home storage applications Tyva-Energie Julie Badin Chevalier, R&D project manager	Electric vehicle charging: manual vs automatic, conduction vs induction GULPLUG Antoine Gratian, International Business Developer	JOLTEE	
13h00 - 13h15				
13h15 - 13h30				
13h30 - 13h45	ALLFRATECH project Innovative and Predictive High Efficient Thermal Management System & Efficient Modular Convenient Charging System Saint Jean Industries & Centum Adeneo	Smart Charging Conference EDF		
13h45 - 14h00				
14h00 - 14h15				
14h15 - 14h30				
14h30 - 14h45				
14h45 - 15h00				

15h00 - 15h15	EV recharge infrastructure & Gap Analysis in Catalonia Catalonia Trade & Investment: Roger COSTA – Deputy Director Foreign Investment Promotion CEEC: Francesc RIBERA – Cluster Manager CIAC: Josep NADAL – Cluster Manager		EVS 32 Closing Ceremony
15h15 - 15h30		Giving EV batteries a second life Anne Sophie Caisticker – PDG Doctinnovation Martin Petit – ingénieur électrochimie - IFPEN Yohann CHATILLON – Docteur en électrochimie - Lancey Energy Storage	
15h30 - 15h45			
15h45 - 16h00			
16h00 - 16h15	Electric Autonomous Shuttles and public transport electrification : 101 lessons learnt AVAIRX Manuel CHAUFREIN, CEO & Founder	Electric minibuses & motorcycles in Catalonia: Success stories of collaborative projects Catalonia Trade & Investment: Anne-Sophie BOULET – Investment Promotion Consultant Eurecat: Juanjo MARTIN - Manager Multidisciplinary Projects Unit Idiada: Klaus KERSTING - Senior Manager EV/HEV, Powertrain Clustermoto of Catalonia: Jaume CANALS – Cluster Manager	
16h15 - 16h30			
16h30 - 16h45	1.NVH assessment and optimization for EVs and HEVs 2. Modal analysis to assess an automotive chassis part reinforced with composite material OROS Nicolas Denisot, OROS Application Engineer		
16h45 - 17h00		Bidirectional chargers: enabling a clean energy revolution Watt&Well Raul Iglesias, Director of the BU Emobility	
17h00 - 17h15			
17h15 - 17h30	Vision of connected and green vehicles with 2 major focus on aerodynamisme and hydrogen system PLASTIC OMNIUM (intervenant à confirmer)		
17h30 - 17h45		Robot T5-37 : de l'idée à la réalisation MOB-ENERGY Salim EL HOUAT, Maxime ROY et Ilyass HADDOUT, Co-founders	
17h30 - 18h00
